Section One

1.0 Introduction

- 1.1 The 2021 Newark and Sherwood District Council Annual Monitoring Report (AMR) has been prepared by the Planning Policy & Infrastructure Business Unit in accordance with Development Plan Regulations.
- 1.2 The AMR monitors both the Amended Core Strategy Development Plan Document (DPD), which was adopted by the Council in March 2019, and the Allocations & Development Management DPD, adopted by the Council on 16th July 2013.
- 1.3 Appendix F of the Amended Core Strategy and Appendix C of the Allocations & Development Management documents set out the targets that have been developed to measure the direct effects of the policies on achieving the targets. You can use the following links to view the [Amended Core Strategy](#) and the [Allocations & Development Management DPD](#).
- 1.4 The AMR shows the progress towards achieving the policies and targets of both Development Plans during the period 1st April 2020 to 31st March 2021.
- 1.5 Sections three and four set out the progress made against each individual policy and uses a traffic light system to indicate whether or not progress is on track. Where policies and proposals were not anticipated to have an impact until later in the plan period they are indicated with a grey shade.
- 1.6 In addition to the AMR which gives an overview of the progress being made in all areas, the Planning Policy & Infrastructure Business Unit has produced separate more detailed monitoring reports for housing, employment and retail for the same period (01/04/2020 to 31/03/2021). These documents provide the information which feeds into the AMR and they can be viewed on the Council's website through the following link <http://www.newark-sherwooddc.gov.uk/monitoring/>
- 2021 Housing Monitoring and 5 Year Land Supply Report
 - 2021 Employment Land Availability Study
 - 2021 Retail Monitoring Report

Newark and Sherwood District

- 1.7 The District of Newark and Sherwood, at over 65,000 ha, is the largest in Nottinghamshire and is situated in the northern part of the East Midlands Region. Adjoining the District to the west are the Nottingham and Mansfield conurbations; whilst Lincoln lies to the north-east and Grantham to the south-east.
- 1.8 Newark and Sherwood has a population of approximately 118,600 (Office for National Statistics, 2015) and since 1991 has seen significant growth (15.37%). The Amended Core Strategy provides a detailed Spatial Portrait of Newark & Sherwood

District which can be viewed by following the link to the [Amended Core Strategy](#).

1.9 Due to the size of the District, the array of influences acting upon it and the diverse and dispersed nature of its settlements the Core Strategy sub-divides the District into the following areas (See Figure 1 – Areas of Newark & Sherwood for details):

- Newark Area
 - Newark and Rural South Sub-Area (1)
 - Collingham Sub-Area (2)
 - Rural North Sub-Area (3)

- Mansfield Fringe Area
- Nottingham Fringe Area
- Sherwood Area
- Southwell Area

Section 2

2.0 Planning Policy Framework & Local Development Scheme Progress

2.1 The Development Plan for Newark and Sherwood District is made up of the following documents:

- Newark & Sherwood Amended Core Strategy (Adopted March 2019)
- Newark & Sherwood Allocations & Development Management Development Plan Document (DPD) (Adopted 16th July 2013)
- Southwell Neighbourhood Plan (Made 11th October 2016)
- Thurgarton Neighbourhood Plan (Made 16th May 2017)
- Farnsfield Neighbourhood Plan (Made 28th September 2017)
- Fernwood Neighbourhood Plan (Made 28th September 2017)
- Kings Clipstone Neighbourhood Plan (Made 12th February 2019)
- Epperstone Neighbourhood Plan (Made 12th December 2019)
- Fiskerton-cum-Morton Neighbourhood Plan (Made 12th December 2019)
- Nottinghamshire & Nottingham Waste Core Strategy (Part 1) (Adopted 10th December 2013)
- Nottinghamshire & Nottingham Waste Local Plan (Adopted 9th January 2002)
- Nottinghamshire Minerals Local Plan (25 March 2021)

2.2 As set out in Section 1, the Amended Core Strategy was adopted on 9th March 2019 and covers the period 2013 to 2033. This has now superseded the Core Strategy adopted on the 29th March 2011. Progress on the remaining elements of the Development Plan Review are set out below in Paragraph 2.6.

2.3 The County Council have recently Adopted the Nottinghamshire Minerals Local Plan (25th March 2021). They are currently in the process of reviewing their Waste Local Plan. The Waste Core Strategy (produced in partnership with Nottingham City Council) was adopted on the 10 December 2013 and work is now progressing on a new Waste Local Plan with an Issues & Options paper published for consultation from February to May 2020.

2.4 During the period being monitored all policies within the Amended Core Strategy and were being fully implemented.

Local Development Scheme Progress

2.5 The Local Development Scheme (LDS) is an integral part of the Newark and Sherwood Local Development Framework and plays a key role in facilitating successful programme management of the project. The LDS is updated on a regular basis to reflect progress. An updated LDS was produced in November 2019, and this is included in Appendix 1. A further LDS was produced in September 2020, and this is contained within Appendix 2.

- 2.6 An Amended Allocations & Development Management DPD - Issues Paper was published for consultation on 8th July and this ran until the 19th August 2019. The results of this will inform the development of an Options Report in 2021.

Duty to Cooperate

- 2.7 The Localism Act and the National Planning Policy Framework (NPPF) places a duty on local planning authorities and other bodies to cooperate with each other to address strategic issues relevant to their areas. The duty requires ongoing constructive and active engagement on the preparation of development plan documents and other activities relating to the sustainable development and use of land, in particular in connection with strategic infrastructure.
- 2.8 Newark & Sherwood has a long history of joint working with neighbouring authorities and statutory consultees on strategic planning matters, including working together to ensure that the development needs of the Nottingham Outer Housing Market Area are appropriately identified and met. A close working relationship between neighbouring authorities has been maintained to ensure strategic issues are appropriately addressed. This has resulted in the production of some key evidence documents for the wider area including:
- Nottingham Outer Strategic Housing Market Assessment (2015);
 - Nottingham Core and Nottingham Outer Employment Land Forecast Study (2015) and is currently being updated;
 - Nottingham Outer SHMA Update Report (2017); and
 - Nottingham Outer Self-Build Register (ongoing).
- 2.9 Ashfield, Mansfield and Newark & Sherwood District Councils have pledged to meet their own housing need. Similarly the Council and our HMA partner authorities have worked with the Nottingham Core HMA Authorities on the development and production of the Employment Land Forecast Study. It has established that Newark & Sherwood forms part of the Nottingham Outer functional economic area but it also has strong links to Nottingham City. The three Authorities in the Nottingham Outer FEA have pledged to meet their own requirements for employment land provision. To this effect, a Memorandum of Understanding (MoU) has been agreed by the three Councils stating that they will meet their own development needs. The latest Statement of Common Ground, signed on the 14th December 2018, setting this out was produced as part of the submission of the Mansfield Local Plan.
- 2.10 A Statement of Common Ground was signed by the District Council along with all other Local Planning Authorities in Nottinghamshire in relation to the Nottinghamshire Minerals Local Plan which was submitted for examination in February 2020.

Section Three

3.0 General Overview of Amended Core Strategy performance for the Monitoring Period 01/04/2020 to 31/03/2021

- 3.1 This is the second full monitoring period for the Amended Core Strategy (adopted March 2019). Spatial Policy 2 (Spatial Distribution of Growth) contains the overall housing requirement of 9,080 dwelling across the Plan period (2013 to 2033).
- 3.2 As noted previously, Newark & Sherwood District Council, working in partnership with Ashfield and Mansfield District Councils, commissioned G L Hearn to undertake a Strategic Housing Market Assessment (SHMA). The core output of a SHMA is the production of an Objectively Assessed Housing Need figure. The SHMA covers the period from 2013 to 2033 and concluded that the final Objectively Assessed Need (OAN) figure for Newark and Sherwood is 454 dwellings per annum. Full details of the SHMA can be accessed through the following link: <https://www.newark-sherwooddc.gov.uk/examinationlibrary/>
- 3.3 The calculation of the 5 Year Land Supply is included in Appendix 5 of this Annual Monitoring Report and full details can be found in the Council's 2020/21 Housing Monitoring and 5 Year Land Supply Report available on: <http://www.newark-sherwooddc.gov.uk/monitoring/>
- 3.4 One of the strategic sites 'Land South of Newark' had an outline extant planning permission approved on 22/01/15 (14/01978/OUTM) for development comprising demolition of existing buildings and the construction of up to 3,150 dwellings (Class C3); two local centres including retail and commercial premises (Classes A1 to A5), a 60 bed care home (Class C2), 2 primary schools, day nurseries/crèches, multi-use Newark community buildings including a medical centre (Class D1); a mixed use commercial estate of up to 50 hectares comprising employment uses (Class B1, B2 and B8) and a crèche (Class D1) etc. A number of reserved matters applications have been approved for a total of 542 dwellings and development. Development is well underway with 117 dwellings being completed during this monitoring period. Work on phase one of the Southern Link Road has been completed.
- 3.5 On the 'Fernwood' strategic site, Reserved Matters for 1050 dwelling (18/00526/RMAM, 21/02346/S73) on land north and east of Fernwood is now under construction. 53 dwellings have been completed on site during the monitoring period. On the southern part of this site, Larkfleet have reserved matters approval (19/01053/RMAM) for 350 dwellings. An application by Persimmon Homes for 1,800 dwellings (16/00506/OUTM) has a Resolution to Grant subject to the signing of a Section 106 Agreement.

- 3.6 Development is now underway on three of the four strategic sites. Some areas of the District are seeing significant progress with the development of allocations whilst others are progressing at a slower rate.
- 3.7 The Allocations & Development Management DPD was Adopted in July 2013. As part of this process the Council agreed with the Planning Inspector that a review of policies would be undertaken during 2015/16 to assess progress and identify any changes that may need to be made. Following the preferred approach stage it became necessary to uncouple the Plan Review and progress the Core Strategy and Allocations and DM DPD separately. The timeline of progression is therefore as follows:
- Plan Review Issues Paper Consultation (5/10/15 – 16/11/15)
 - Preferred Approach–Strategy Consultation (29/07/16 – 23/09/16)
 - Preferred Approach–Sites and Settlements consultation (12/01/17–24/02/17)
 - Preferred Approach–Town Centres and Retail Consultation (12/01/17–24/02/17)
 - Issues Paper Consultation (08/07/19 – 19/08/19)
 - Gypsy & Traveller Call for Sites (08/07/19 – 19/08/19)

Spatial Policies Overview

- 3.8 The Spatial Policies of the Amended Core Strategy set the framework for growth and development in the District, setting out our hierarchy for service provision and investment, the spatial distribution of housing and employment growth. The Settlement Hierarchy sets out those settlements which to a greater or lesser extent should be the focus for growth and investment. Beyond this, policies are set which aim to manage development in the rural areas of the District and in the Nottingham-Derby Green Belt.
- 3.9 A schedule of the Policies is included below and gives a general indication of how things are progressing.
- 3.10 The Nottinghamshire Biological and Geological Records Centre recorded a loss of 33.86 Hectares in Local Wildlife Sites area during 2020/21.

Performance of the Amended Core Strategy DPD Policies

Spatial Policies

Policy	Indicators	Target	Result for 2020/21	Overall
SP1 – Settlement Hierarchy;	Net additional dwellings per annum	To maintain a minimum 5 year land supply	As at 1 st April 2021 Newark and Sherwood had a 6.76 year land supply measured against the Objectively Assessed Need	
And SP2 – Spatial Distribution of Growth	Percentage of net additional dwellings in Sub-Regional Centre, Service Centres and Principal Villages	To seek to achieve the appropriate levels of growth in the Sub-Regional Centre, Service Centres and Principal Villages, on average, over a rolling 5 year period	<p>This year a total of 678 net completions within the SP2 locations of which: 51% are in Sub Regional Centre (60%) 40% in the Service Centres (30%) 8% in the Principal Villages (10%)</p> <p>The figures for the rolling five year period are: 33% are in Sub Regional Centre (60%) 46% in the Service Centres (30%) 21% in the Principal Villages (10%)</p> <p>The three strategic sites make up a good proportion of the development directed to the Sub-Regional Centre. Completions from two of the strategic sites are now contributing to supply with completions now coming through at an increased rate.</p>	
	Where the five year land supply position falls below 5 years for a	To deliver the approach to the spatial strategy	There is as at 1 st April 2021 Newark and Sherwood had a 6.76 year land supply

SP6 – Infrastructure for growth	<p>Monitor Implementation of Appendix D schemes</p>	<p>Achieve infrastructure development in line with the triggers and timescales set out in Appendix D</p>	<p>Funding is now starting to come in and further information on the provision of infrastructure implementation is provided in the Infrastructure Funding Statement here.</p>	
	<p>Delivery of local infrastructure detailed as part of the Allocations & Development Management DPD</p>	<p>Detailed monitoring of the local infrastructure to be established through the Allocations & Development Management DPD</p>	<p>Funding is now starting to come in and further information on the provision of infrastructure implementation is provided in the Infrastructure Funding Statement here.</p>	
SP7 – Sustainable Transport	<p>Percentage of households within 40 minutes public transport time of a GP, Hospital, Primary School, Secondary School, Employment and Major Retail Centre</p>	<p>Optimise the percentage of households within 40 minutes public transport time of a GP, Hospital, Primary School, Secondary School, Employment and Major Retail Centre</p>	<p>The change in public transport travel times has generally increased slightly since the last monitoring period for most services Figure 2 refers.</p>	
	<p>Modal shift to non-car modes of</p>	<p>Transport trends will be</p>	<p>See Figures 3 to 6, Car sharing levels</p>	

Policy	Indicators	Target	Result for 2020/21	Overall
	transport	monitored through the Nottinghamshire Local Transport Plan	have decreased from last year and bus patronage reduced significantly likely as a result of the pandemic. Cycling levels for the District have however increased from last year.	
SP8 – Protecting and Promoting Leisure and Community Facilities	Loss/Gain/Improvement of Community facilities	To minimise the net loss of leisure and community facilities within the District	<p>The Council’s new Leisure Centre is now completed on Bowbridge Road, Newark. The Community and Activity Village is open and includes new sports and multi-purpose pitches playing pitches alongside a new building including creche and pre-school facility, training, offices, music, dance and art studios, sports facilities, changing areas to serve both the internal and external sports, function rooms, cafe and kitchen located next to the Council’s Leisure Centre, Newark.</p> <p>Other non-employment uses are Detailed in the Employment Land Availability Study 20/21 on the website</p>	

Core Policies Overview

- 3.11 The Core Strategy has a number of Core Policies which apply to District-Wide issues such as homes for all, economic growth, sustainable development, climate change and the natural and built environment.
- 3.12 The identification of the requirements for pitch provision for the Gypsy and Traveller communities has now been moved into the wider Plan Review and will be considered as part of the Allocation & Development Management DPD Review. This includes the commissioning of a new Gypsy and Traveller Accommodation Assessment to inform this.
- 3.13 50% of dwellings completed within rural areas this year are within 800m of an hourly bus service, which is a decrease of 3% from last year.

Core Policies

Policy	Indicators	Target	Result for 2020/21	Overall
CP1 – Affordable Housing Provision	Gross affordable Housing Completions	To achieve 30% Affordable Housing of new development on qualifying sites	195 affordable homes were delivered during this year. 165 of these were delivered on qualifying sites. This equates to 26% of the total completions on qualifying sites (635). Although the economic situation has started to improve, viability issues are still impacting upon the ability to secure affordable housing units through S106 agreements (55 units completed).	
		To seek to achieve the following tenure mix of affordable housing across the district, on average, over a rolling 5 year	Of the 195 affordable dwellings provided they comprised the following tenures: 118 Social/affordable rent (10 SR/98 AR) 11 intermediate (11 Rent to Buy)	

Policy	Indicators	Target	Result for 2020/21	Overall
		period: 60% Social Rented/ affordable rented housing 40% affordable home ownership products	As a rolling percentage over the 5 year period this equates to 77% rented and 23% intermediate. Much of the affordable housing is being provided by the Council's own house building program and registered providers who tend to develop for renting.	
CP2 – Rural Affordable Housing	Completions of rural exceptions housing	To increase rural affordable housing	12 rural affordable housing units have been completed on an exception site at North Muskhams (16 units in total) during the monitoring period.	
CP3 – Housing Mix, Type and Density	Average density of new dwellings completed district wide	To achieve an average minimum density of 30 dwellings per hectare	The average density of dwellings Completed this year is just under 32 dwellings per hectare.	
	Average density of new dwellings completed on the three strategic sites	To achieve an average density between 30 to 50 dwellings per hectare for the four strategic sites.	The average density across the strategic sites is 32.4 dwellings to the hectare. The average at NAP 2A currently is 31.65; Fernwood is 36.1 dpa and Thoresby Colliery is 30.1 dpa but later phases are anticipated to be at higher densities.	
	No. of bedrooms in new dwellings delivered	To secure appropriate housing mix, type and density in accordance with the site monitoring requirements of the Allocations & Development Management DPD	The following (gross) mix of bedroom sizes has been achieved this year: 57 X 1 bed (7%) 245 X 2 bed (31%) 291 X 3 bed (36%) 176 X 4 bed (22%) 30 X 5 bed (4%)	
CP4 – Gypsies & Travellers	Net additional pitches Gypsy and Travellers	Adoption of Plan Review – Amended Allocations &	Target amended to reflect that the delivery vehicle for sites has moved to	

Policy	Indicators	Target	Result for 2020/21	Overall
and Travelling Show People – New Pitch Provision		Development Management DPD by Autumn 2018	the Plan Review.	
		To make provision for sufficient pitches to meet identified need	Further provision will be provided for and monitored through the Plan Review	
CP5 – Criteria for considering sites for Gypsies & Travellers and Travelling Show People	Adoption of Allocations & Development Management DPD	Adoption of Plan Review – Amended Allocations & Development Management DPD by Autumn 2018	Target amended to reflect that the delivery vehicle for sites has moved to the Plan Review.	
	Use of CP5 in the determination of planning applications	To make provision for sufficient pitches to meet identified need	0 applications have been granted for gypsy and traveller use during the monitoring period.	
	Net additional pitches Gypsy and Travellers		Further provision will be provided for and monitored through the Plan Review	
CP6 – Shaping our Employment Profile	Amount of additional employment floor space by type	Minimise the net loss of high quality employment sites to other uses	Permissions have been implemented for 1.14 hectares of employment land to non B-class uses, mainly residential.	
	Amount of employment floorspace on previously developed land			
	Employment land available – by type	To maintain a supply of ready to develop sites (either allocated or with planning permission) to meet future needs	Full details of commitments, allocations and completions and losses are available in the Employment Land Availability Study on the Council’s website.	
CP7 – Tourism Development	Visitor numbers to the District	To increase visitor numbers to the District	Due to the Covid 19 pandemic it has not been possible to obtain figures for this monitoring period.	
	No. of tourist facilities and attractions provided	To increase the number of tourist facilities and attractions provided	Work on the new visitor centre at Sherwood Forest is now complete.	

Policy	Indicators	Target	Result for 2020/21	Overall
	No. of additional hotel rooms granted planning permission and completed	To increase the number of additional hotel rooms granted planning permission and completed	The 66 bed Travelodge at Beaumont Cross Newark is nearing completion. Permission granted or change of use to 7 letting bedrooms for hotel style accommodation at Collingham; 86 holiday lodge cabins at Edwinstowe; Change use of barn to Holiday let in Epperstone; Conversion of 1 barn to 3 no. holiday lets in Kirklington and Conversion of Agricultural Buildings to two units of Holiday Accommodation in Syerston.	
CP8 – Retail Hierarchy	Planning permission and completions of retail and other town centre uses	To increase the vitality and viability of the Town Centre, District Centres and Local Centres	A number of applications for both increase and losses of town centre uses have been determined during the period. Full details of these can be seen on the Councils website in the Retail Monitoring Report. At the time of the surveys there were a total of 84 vacant units within the defined centres. This is 7 more than last year and this represents a vacancy rate of only 6.87% .	
	Losses of retail and other town centre uses			
	Diversity of uses by number and type in centres			
	Number of vacant premises in defined Centres			
CP9 – Sustainable Design	Use of Policy CP9 in the determining of planning applications	Promote sustainable design as part of the Development Management process	During the monitoring period 50 applications were refused as contrary to this policy.	
	Implementation of Sustainable Drainage Systems (SuDS)	Increase the number of developments with SuDS	16 permissions have been granted incorporating conditions regarding Sustainable Drainage Systems.	
CP10 –	Provision of new renewable energy	To increase the amount of	During the monitoring period 17	

Policy	Indicators	Target	Result for 2020/21	Overall
Climate Change		appropriate renewable energy installed in the District.	permissions have been approved for the installation of an electrolyser, renewable energy in the form of photo voltaic panels, biomass boilers and air and ground source heat pumps. These have capacity of over 3.5 MW.	
	Number of planning permissions granted contrary to the advice of the Environment Agency on flooding and water quality grounds	No permissions granted contrary to the advice of the Environment Agency on flooding and water quality grounds	1 application for the subdivision of an existing building was granted contrary to the advice of the Environment Agency	
CP10A – Local Drainage Designations	Use of Core Policy 10a in the determining of planning applications	Promote local drainage standards as part of the Development Management process. To produce a Local Drainage Supplementary Planning Document by 2019/2020	Work on the Local Drainage SPD is likely to commence post Plan Review.	
CP11 – Rural Accessibility	Percentage of households in rural areas within 800m or 13 minute walk of an hourly bus service	Optimise accessibility to services in rural area	50% of dwellings completed within rural areas this year are within 800m of an hourly bus service, which is a decrease of 3% on the previous year.	
	Loss/gain of community facilities in rural areas	Minimise loss of existing community facilities	No new commitments for community facilities in the rural areas during the monitoring period.	

Policy	Indicators	Target	Result for 2020/21	Overall
CP12 – Biodiversity and Green Infrastructure	Monitoring of nature conservation and biodiversity and Green Infrastructure projects	Protect and enhance existing biodiversity and nature conservation	The Nottinghamshire Biological and Geological Records Centre recorded a loss of 33.86 Hectares in Local Wildlife Sites area during 2020/21.	
	Change in areas of biodiversity importance	Secure improvements to the Green Infrastructure Network No net loss in areas of biodiversity importance To work with partners to produce an Air Quality Supplementary Planning Document by 19/20	The Nottinghamshire Biological and Geological Records Centre recorded a loss of 33.86 Hectares in Local Wildlife Sites area during 2020/21. The Air Quality SPD will be developed once the Plan Review is complete.	
CP13 – Landscape Character	Change of condition and sensitivity of NSDC Landscape Policy Zones - a review of the assessment after 5 years	Maintain or improve the condition and sensitivity of Landscape Policy Zones	It is anticipated that a review will take place following the Plan Review	
CP14 – Historic Environment	Number of Conservation Areas	No net loss of the number of Conservation Areas in the District	There has been no change in the number of Conservation Areas (CA) within the District during the monitoring period. Work on Newark, Southwell, Ollerton and Laxton CA s continues.	
	Number of Conservation Areas with up to date Conservation Area Character Appraisals and Management Plans	34% of total Conservation Areas designated to have an up to date Conservation Area Character Appraisals	The number of Conservation Areas with Character Appraisals remains at 34%. Management Plans remains the same as last year at 11.75%.	
20% of total Conservation Areas designated to have a up to date				

Policy	Indicators	Target	Result for 2020/21	Overall
		Conservation Area Management Plan		
	Number of Heritage Assets on the 'At Risk Register'	No increase to the number of Heritage Assets on the 'At Risk Register'	<p>Heritage at risk is broadly unchanged. A contract has been signed for the delivery of Ollerton Hall renovations, with works due to start in 2022. Proactive enforcement action has been taken with key buildings like the Corn Exchange, Ivy Farmhouse in Kirklington and Old Bar Farmhouse in Laxton.</p> <p>It is hoped to make progress with key heritage at risk objectives in Newark through the HAZ.</p>	

Area Policies Overview

- 3.14 These policies deal with the implementation of the Spatial Strategy in particular areas and settlements of the District. The spatial distribution percentages in the Amended Core Strategy have been amended from those in the original Core Strategy.
- 3.15 Development at Land South (Policy NAP 2A) has outline permission and four reserved matters applications have been approved for a total of 542 dwellings and development. Development is well underway with a total of 264 completions across the sites, of which 117 dwellings were completed during this monitoring period. Work on phase one of the Southern Link Road has been completed. On the Fernwood strategic site, Reserved Matters for 1050 dwelling (18/00526/RMAM) on land north and east of Fernwood is under construction with a total of 56 completions on site, 53 of which were completed during the monitoring period. On the southern part of this site, Larkfleet have secured a reserved matters permission for 350 dwellings (19/01053/RMAM).
- 3.16 A further strategic site at Thoresby Colliery is also allocated within the Amended Core Strategy. The site has an outline permission for residential Development up to 800 dwellings (Class C3), Strategic Employment Site comprising up to 4,855 sqm Class B1a, up to 13,760 sqm Class B1c, and up to 13,760 sqm Class B2, a new Country Park, a Local Centre, "The Heart of the New Community" containing a mix of leisure (to include zip wire), commercial, employment, community, retail (up to 500 sqm), health, and residential uses, a Primary School, Open Space and Green Infrastructure (including SUDS), and associated access works including the details of the primary access junctions into the site from Ollerton Road. Two reserved matters permissions for 362 dwelling are under construction with a total of 13 dwellings completed during the monitoring period.

Policy	Indicators	Target	Result for 2020/21	Overall
NAP1 – Newark Urban Area	Net additional dwellings per annum	To seek to achieve 60% of housing completions in the Sub-Regional Centre, over a rolling five year period	This year saw an increase in the level of development in the Sub-Regional Centre from 28% to 51%. In the five year rolling period this equates to 33% of the completions in the SP2 settlements. As development on the strategic sites progresses this should increase.	
	Employment Land Available by type	Detailed employment	53.66 hectares of land has an extant permission within the Newark Urban Area.	
	Amount of additional employment	monitoring targets to be		

Policy	Indicators	Target	Result for 2020/21	Overall
	floorspace - by type	established as part of the Allocations & Development Management DPD	0.87 ha have been completed. Further details can be found in the Employment Land Monitoring Report on the Council's website.

Section Four

4.0 General Overview of the Allocations & Development Management DPD performance for the Monitoring Period 01/04/2019 to 31/03/2020

- 4.1 The Allocations & Development Management DPD was Adopted in July 2013, so this is the eighth time this document has been monitored. The Plan covers a 20 year period (2013-2033) and it is to be expected that development levels will progress over time. Where development policies/proposals were not anticipated to be implemented at this stage the overall outcome is shaded grey.

Performance of the Policies

Newark Area

- 4.2 Within the Newark Urban Area limited activity on the non-strategic allocations has been seen during the monitoring period and a number of allocations are proposed for amendment or removal as part of the Plan Review. No contact has been had with the owners of site NUA/Ho/1 and it has been proposed for deallocation. The District Council has secured outline permission for 320 dwellings (190 Net increase) for the redevelopment of Yorke Drive (18/02279/OUTM) NUA/Ho/4); no contact with the owners of NUA/Ho/5 has been achieved and this site is being proposed as an opportunity site should it be required later in the plan period.
- 4.3 In Collingham, development of the mixed use development of site Co/Mu/1 is well underway. Within the Local Centre 5 units were recorded as vacant this year.
- 4.4 Mixed use site ST/Mu/1 has permitted for the erection of 50 dwellings with associated infrastructure, landscaping and public open space and surgery car park extension providing 11 car park spaces (14/00161/FULM). Development is well underway with 23 dwellings completed during the monitoring period, 43 in total.

Newark Area – Main Open Areas

Policy	Indicators	Target	Result for 2020/21	Overall
NA/MOA – Newark Area – Main Open Areas	Number of applications refused within Main Open Areas	No new built development within the Main Open Areas	1 applications 19/00786/OUTM within the main open areas have been refused during the monitoring period.	
	Number of applications Approved within Main Open Areas			

Newark Area – Newark Urban Area

Policy	Indicators	Target	Result for 2020/21	Overall
NUA/Ho/1 – Newark Urban Area – Housing Site 1	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	No application received. No contact has been had with the owners of site NUA/Ho/1 and it has been proposed for deallocation as part of the Plan Review.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This allocation was identified within the 10 to 15 year tranche. No contact has been had with the owners and the site is proposed for deallocation as part of Plan Review.	
NUA/Ho/2 – Newark Urban Area – Housing Site 2	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	Permission for 5 dwelling granted during the monitoring period. The homeless shelter is now likely to be replaced on site rather than relocated and part of the allocation to the north now forms part of the adjacent employment site. The allocation with therefore need to be amended to reflect this reduction in site area as part of the Plan Review.	

Policy	Indicators	Target	Result for 2020/21	Overall
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information delivery is now anticipated to commence within 5 years	
NUA/Ho/3 – Newark Urban Area –Housing Site 3	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	The site owner has advised that this site is no longer available for development.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information the site is proposed for deallocation as part of Plan Review.	
NUA/Ho/4 – Newark Urban Area – Housing Site 4 – Yorke Drive Policy Area	Delivery of development in accordance with the Approved Masterplan	Achieve the regeneration of the Yorke Drive Area	Outline planning permission was granted in November 2019 and delivery partner in the process of being appointed. A Masterplan is included as part of the application.	
	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	Permission granted for demolition and redevelopment of parts of the Yorke Drive Estate. Net gain of up to 190 units.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This allocation was identified to commence within the 5 to 10 year tranche. Based on current information delivery is now anticipated to commence after 5 years	
NUA/Ho/5 – Newark Urban Area – Housing Site 5	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply Bring forward appropriate housing development to help meet the needs set out in SP2	No application received. No recent contact with the owners of NUA/Ho/5 as part of the Plan Review and this site is being proposed as an opportunity site should it be required later in the plan.	

Policy	Indicators	Target	Result for 2020/21	Overall
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	No contact has been had with the owners, as an opportunity site this could come forward towards the end of the Plan Period	
NUA/Ho/6 – Newark Urban Area – Housing Site 6	Delivery of development in accordance with the Development Brief	To achieve an appropriate development which respects the conservation area	An application for conversion of building to 5 units and erection of 4 new terraced dwellings (20/00317/FUL) approved during the monitoring period.	
	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply - Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information delivery is anticipated to commence after 5 years	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information delivery is anticipated to commence after 5 years	
NUA/Ho/7 – Newark Urban Area – Bowbridge Road Policy Area	Planning permission and completion of new residential units in accordance with the allocation	Achieve regeneration of brownfield land and associated environmental improvements to the locality	The environmental improvement and regeneration of this locality is a long term goal as the employment uses change over time	
		To maintain a minimum 5 year housing land supply	Application pending for erection of 87 dwellings.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	To be monitored as development comes forward on NUA/Ho/8 & 9: Application pending for erection of 87 dwellings on NUA/Ho/8	
NUA/Ho/8 – Newark Urban	Planning permission and completion of new residential units	Achieve regeneration of brownfield land and associated	Application pending for erection of 87 dwellings. An application for a care	

Policy	Indicators	Target	Result for 2020/21	Overall
Area – Housing Site 8	in accordance with the allocation	environmental improvements to the locality	home which had been approved on part of the original allocation has now lapsed so the allocation is considered capable of accommodating 86 dwellings as part of the Plan Review. The environmental improvement and regeneration of this locality is a long term goal as the employment uses change over time.	
		To maintain a minimum 5 year housing land supply	Application pending for erection of 87 dwellings.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This allocation was identified within the 10 to 15 year tranche. Based on current information delivery is anticipated to commence within 10 years.	
NUA/Ho/9 – Newark Urban Area – Housing Site 9	Planning permission and completion of new residential units in accordance with the allocation	Achieve regeneration of brownfield land and associated environmental improvements to the locality	No application received. The environmental improvement and regeneration of this locality is a long term goal as the employment uses change over time	
		To maintain a minimum 5 year housing land supply	No application received.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This allocation was identified within the 10 to 15 year tranche. Based on current information delivery is anticipated to commence after 10 years.	

Policy	Indicators	Target	Result for 2020/21	Overall
NUA/Ho/10 – Newark Urban Area – Housing Site 10	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	No application received – However the site has been purchased by the District Council with a view to facilitating housing development on it. The Plan Review 3proposes to increase the capacity of the site from 120 to 170 dwellings.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information delivery is still anticipated to commence within 5 years.	
NUA/SPA/1 - Newark Urban Area – Newark Showground Policy Area	Production of a Masterplan for the Showground Site	Co-ordination of development on the Showground site and resolution of traffic issues in the locality	Work on a Master Plan for the Showground has not yet begun.	
	Planning permission and completion of uses in accordance with the allocation	Improved leisure offer in the Showground Area	No application received.	
NUA/MU/1 – Newark Urban Area - Mixed Use Site 1	Delivery of development in accordance with the Approved Masterplan	No employment uses are approved until appropriate junction improvements have been undertaken	Junction improvements have not been undertaken. Recent announcements suggest that the Highways England will begin preparation work for such improvements for the next road period (from 2020 onwards)	
	Planning permission and completion of additional floor space by type and leisure and hotel facilities in accordance with the	Creation of additional employment uses to help met the needs set out in SP2	4.95 ha have been developed previously. Permission for an agricultural machinery dealership has been permitted and completed within the monitoring period	

Policy	Indicators	Target	Result for 2020/21	Overall
	allocation		(20/01219/FULM). Coffee with drive through granted permission during the monitoring period (20/00217/FUL).	
		Improved leisure and hotel facilities to complement the Showground uses	No applications received or completed during the monitoring period.	
NUA/MU/2 – Newark Urban Area - Mixed Use Site 2	Planning permission and completions of additional employment/other uses by floor space and by type	Creation of additional employment uses/roadside services to help meet the needs set out in SP2	Outline application for 120 bed hotel lapsed in 2016. This site is proposed for de-allocation as part of the plan review.	
		Retention of existing use		
NUA/MU/3 – Newark Urban Area - Mixed Use Site 3	Delivery of development in accordance with the Approved Masterplan	To maintain a minimum 5 year housing land supply	No application received. No development will take place on this site until plans for the new factory have been finalised. Through the Plan Review the site is currently proposed to be reallocated as an Opportunity Site.	
	Planning permission and completion of new residential units in accordance with the allocation		No application received. No development will take place on this site until plans for the new factory have been finalised.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This allocation was identified to commence within the 5 to 10 year tranche. Given the complexities of bringing this site forward, development based on current information delivery is now anticipated to commence after 10 years.	

Policy	Indicators	Target	Result for 2020/21	Overall
	Planning permission and completion of additional employment floor space by type	Creation of additional employment uses to help meet the needs set out in SP2	No application received – No development will take place on this site until plans for the relocation of the factory have been finalised.	
	Planning permission and completion of retail and other town centre uses	Creation of additional retail floorspace on this mixed use site	No application received. No development will take place on this site until plans for the relocation of the factory have been finalised.	
NUA/MU/4 – Newark Urban Area - Mixed Use Site 4	Delivery of development in accordance with the Approved Masterplan	To provide a new Leisure Centre for the District	The Design & Access statement considers the relationship between the wider uses envisioned for this site.	
	Planning permission and completion of new Leisure Centre		Application approved and work on the new Leisure Centre is now complete.

	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 5-10 year tranche. Development on part of the site is complete and the rest of the site is anticipated to come forward after 5 years.	
Ra/MU/1	Planning permission and completion of new residential units in accordance with the allocation	To maintain a minimum 5 year housing land supply	Application pending but no retail is proposed.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site is no longer required for retail development. As it is within the Urban Boundary residential development could be proposed without the need for allocation	
	Planning permission and completion of retail / town centre uses	To provide a retail / town centre uses on this mixed use site	It is now proposed for de-allocation as part of the Plan Review	

Policy	Indicators	Target	Result for 2020/21	Overall
Ra/E/1	Planning permission and completion of additional employment floor space by type	Creation of additional employment uses to help meet the needs set out in SP2	No applications received. This allocation was identified within both the 0 to 5 and 5 to 10 year tranche. Based on current information delivery is anticipated to commence within both the 0 to 5 and 5 to 10 year tranche.	
Ra/DC/1	Planning permission and completions of retail and other town centre uses	To increase the vitality and viability of the District Centre	No permissions, completions or losses have been recorded for this period. The District Centre has been re-designated as a Local Centre through the Amended Core Strategy. 1 unit is vacant this year, up from none last year.	
	Losses of retail and other town centre uses			
	Diversity of uses by number and type in centres			
	Number of vacant premises in defined centre			

Mansfield Fringe Area – Clipstone

Policy	Indicators	Target	Result for 2020/21	Overall
CI/MU/1	Delivery of development in accordance with the Approved Masterplan	To maintain a minimum 5 year housing land supply	No application received.	
	Planning permission and completion of new residential units in accordance with the allocation		No application received.	
	Monitoring performance through the Housing Trajectory to maintain timely delivery	Bring forward appropriate housing development to help meet the needs set out in SP2	This site was identified within the 0-5 year tranche. Based on current information delivery is

	Losses of retail and other town centre uses		local centre. During this year's Survey there were no vacant units.	

Development Management Policies

4.15 Monitoring of the Development Management Policies has not identified any particular issues at this point. The majority of the Policies are being used in decision making.

Policy	Indicators	Target	Result for 2020/21	Overall
DM1	Planning permission and completion of new residential units across the District by Parish	Facilitate growth within the District in accordance with SP2, 3 and 8	Details of all residential, employment and retail uses are set out within the following documents available on the website: Housing Monitoring Report Employment Land Monitoring Report Retail Monitoring Report	
	Planning permission and completion of additional employment floor space by type across the District by Parish			
	Planning permission and completions of retail and other town centre uses across the District by Parish			
	Monitoring performance through the Housing Trajectory to maintain timely delivery	To maintain a minimum 5 year housing land supply	As at 1 st April 2021 Newark and Sherwood had a 6.76 year land supply measured against the Objectively Assessed Need	
	Planning permission and completions of community, cultural, leisure and tourism development across the District by Parish	Facilitate growth within the District in accordance with CP7 and CP8	The Council's new Leisure Centre is now complete and work on the YMCA Community and Activity Village is ongoing.	

Policy	Indicators	Target	Result for 2020/21	Overall
DM2	Planning permission and completion of new residential, employment and retail uses across the District by Parish	Facilitate the amount and type of development set out in the Site Allocation policies	Monitoring of individual allocations have been detailed above. The level of development set out in the Plan can be delivered over the Plan period.	
DM3	Contributions secured through Planning Permissions, S106 Agreements and Unilateral Undertakings	To assess the level of Developer Contributions secured against the requirements of the SPD	Details of contributions secured are provided in the Infrastructure Funding Statement here .	
DM4	No. of planning permissions and completions for renewable and low carbon energy generation projects	To increase the provision of renewable and low carbon energy regeneration	During the monitoring period 17 permissions have been approved for the installation of renewable energy in the form of an electrolyser, photo voltaic panels, biomass boilers and air and ground source heat pumps	
		To increase the number of KW hours of renewable energy installed in the District	These have capacity of over 3.5 MW.	
DM5	No. of planning applications refused citing this policy	To ensure that new development is appropriately designed	During the monitoring period 76 applications were refused citing this policy	
DM6	No. of planning applications refused citing this policy	To ensure that new householder development is appropriately designed	During the monitoring period 41 applications were refused citing this policy	
DM7	Monitoring of nature conservation and biodiversity and Green Infrastructure projects	Protect and enhance existing biodiversity and green infrastructure	The Nottinghamshire Biological and Geological Records Centre recorded a loss of 33.86 Hectares in Local Wildlife Sites area during 2020/21.	
	Change in areas of biodiversity importance	No net loss in areas of biodiversity importance	The Nottinghamshire Biological and Geological Records Centre recorded a	

Policy	Indicators	Target	Result for 2020/21	Overall
			loss of 33.86 Hectares in Local Wildlife Sites area during 2020/21.	
	No. of planning permissions and completions including proposals to preserve, create or enhance habitats	Secure improvements to the Green Infrastructure Network	A number of small projects have been undertaken as part of development proposals that have secured improvements to the Green Infrastructure Network	
DM8	No. of planning applications refused citing this policy	To ensure that new development is sustainably located	During the monitoring period 28 applications have been refused citing this policy	
DM9	No. of heritage assets on the 'At Risk Register'	No increase to the number of heritage Assets on the 'At Risk Register'	<p>Heritage At Risk remains broadly unchanged. A High Street HAZ Project Officer has been appointed and progress has been made with the grant scheme throughout the year, despite the challenges of working during a pandemic. Highlights from this year include delivery of a £32k footfall sensor fit out within Newark town centre, public engagement and a comprehensive heritage at risk survey.</p> <p>A contract has been signed for the delivery of Ollerton Hall renovations, with works due to start in 2022. Proactive enforcement action has been taken with key buildings like the Corn Exchange, Ivy Farmhouse in Kirklington and Old Bar Farmhouse in Laxton.</p>	

Policy	Indicators	Target	Result for 2020/21	Overall
	No. of planning applications refused citing this policy	To secure the continued protection or enhancement of heritage assets	During the monitoring period 50 applications have been refused citing this policy	
DM10	No. of planning applications refused citing this policy	To ensure that new development is appropriate for its location in order to prevent unacceptable risks from pollution and contamination	During the monitoring period no applications were refused citing this policy.	
DM11	No. of planning applications refused citing this policy	To maintain and/or increase the vitality and viability of the Town, District and Local Centres	During the monitoring period no applications were refused citing this policy	
	Planning permission and completions of retail and other town centre uses across the District by Parish		A number of applications for both increase and losses of town centre uses have been determined during the period. Details of these can be seen on the Councils website in the Retail Monitoring Report.

Appendix 4a - Self-build and Custom Housing as at 30th October 2020

Introduction

- 1.1 The Self-build and Custom Housebuilding Act 2015 (as amended by the Housing and Planning Act 2016) places a duty on local authorities to keep a register of individuals and associations of individuals who wish to acquire serviced plots of land in their area for their own self build and custom build housing and to publicise that register. Newark & Sherwood District Council shares a joint register with Ashfield and Mansfield Districts as they are within a shared housing market area. You can access the register, and further information, through the following link: <http://www.newark-sherwooddc.gov.uk/selfbuild/>
- 1.2 Furthermore, section 2A of the Self-build and Custom Housebuilding Act 2015 places a duty on Local Authorities to give suitable development permission for enough serviced plots of land to meet the demand for self and custom build housing as identified on its register in a given period. The first period in relation to this was for those entered onto the register during the period 1st April 2016 to 30th October 2016. All further periods run from 31st October to 30th October the following year. Further guidance regarding the definition of serviced plots and how authorities should assess the land which is available to meet that demand is provided in the Self-build and custom housebuilding section of the [Planning Practice Guidance](#)
- 1.3 Unfortunately, the monitoring period set out for self-build and custom housebuilding does not match the standard monitoring period for the Annual Monitoring report produced by the Authority which are based on financial years.

The Self-build and Custom Housing Register

- 2.1 The Self-build and Custom Housebuilding Register was established in April 2016 and the first base period ran between 1st April and 30th October 2016. Future periods will run from 31st October until 30th October the following year. Total demand should be assessed over 3 base periods. This is now the fifth base period so the initial periods from 1st April to 30th October 2016 and 31st October 2016 to 30th October 2017 are no longer included. The total demand is therefore as follows:

Total Demand on Register	31st Oct 17 to 30th Oct 2020	85
Type of Applicant		
As an individual or household		85
As a group/association		0
Current Housing Tenure		
Owner occupied		64
Shared Ownership		0
Private Rented		18
Council Rented		1
Living with Parents		2
Preferred Type of Dwelling		
Detached		47

Detached Bungalow		30
Detached Movable - 1 , Log cabin -1		2
Not Decided		6
Preferred Number of Bedrooms		
Up to 2 bed		7
3 bed		21
4 bed+		33
Undecided		24
General Location Preference		
Newark Area - Newark and Rural South Sub-area 1		22
Newark Area – Collingham Sub-area 2		10
Newark Area – Rural North Sub-area 3		19
Southwell Area		38
Nottingham Fringe Area		18
Sherwood Area		14
Mansfield Fringe Area		8
Whole District		30
Total Plots Required		85

2.2 The Total Demand is therefore made up of the third, fourth and fifth monitoring periods which run from 31st October 2017 to 30th October 2020. During the third period 20 individuals and no groups were added to the Register. During the fourth monitoring period 29 individuals and no groups were added to the register. During the last monitoring period of 31st October 2019 to 30th October 2020 a further 36 individuals have been added to the Register. Total demand over the three periods is 85 individuals and 0 groups. This gives a total of 85 plots.

2.3 It should be noted that the figures for general location reference are greater than the sum of plots required as applicants to the register may choose as many of the 83 Parishes as they wish. For the purposes of monitoring, an expressed interest in 1 or more Parishes within a sub area, per applicant, is recorded as 1.

Duty to grant Planning Permission

3.1 As noted within paragraph 1.2 above, Local Authorities should give suitable development permission for enough serviced plots of land to meet the demand for self and custom build housing as identified on its register in a given period. They have a period of 3 years from the end of the base period in which to do this.

3.2 A total of 9 individuals were accepted on to the register during the first monitoring period (1st April 2016 to 30th April 2016), with no groups/associations registering interest. The period of 3 years from the end of the base period occurred on 31st October 2019 and the District Council should be able to show sufficient suitable permissions have been granted to meet this demand. The second base period saw 33 individuals and 2 groups added to the register. Each group is seeking four plots. The period of 3 years from the end of the base

period occurred on 31st October 2020 and the District Council should be able to show sufficient suitable permissions have been granted to meet this demand.

- 3.3 A permission is regarded as suitable if it is a permission in relation to a particular plot of land that could include self or custom housebuilding. There is no requirement to disaggregate the supply to meet demand in specific parts of a Local Authority Area.
- 3.4 For the purpose of assessing the supply to meet this duty, small (1 to 4 plots) and medium sites (5 to 9) which have been granted permission have been assessed for possible suitability. Permission which specifically mention self-build or custom build are limited however the authority has a long-standing history of infill plots being planned and developed by throughout the district. Land with permission offered for sale on the open market is considered suitable as well as those plots where the applicants are private individuals and of course those plots where a CIL exemption has been granted. Permissions granted to known developers or builders have been discounted.
- 3.5 The following number of permissions are considered suitable to meet the demand for individual plots for periods one and two:

	Base Period 1 (period ending 30 October 2016)	Base Period 2 (year ended 30 October 2017)
Permissions Required	9	33
Relevant permissions granted Y/e 30 October 2017	87	
Relevant permissions granted Y/e 30 October 2018	77	77
Relevant permissions granted Y/e 30 October 2019	65	65
Relevant Permissions granted Y/e 30 October 2020		61
Total Relevant permissions granted	229	203

- 3.6 The following number of permissions are considered suitable to meet the demand for groups for periods one and two:

	Base Period 1 (period ending 30 October 2016)	Base Period 2 (year ended 30 October 2017)
Permissions of sites required to meet legislative duty for Groups	0	2
Relevant permissions granted Y/e 30 October 2017	1	

Relevant permissions granted Y/e 30 October 2018	6	6
Relevant permissions granted Y/e 30 October 2019	5	5
Relevant Permissions granted Y/e 30 October 2020		5
Total Relevant permissions granted	12	16

3.7 Detail of all sites with permission are included within Section 2 of the Annual Housing Monitoring Report (<https://www.newark-sherwooddc.gov.uk/monitoring/>). This is considered to be more than sufficient to meet the demand for self and custom build housing as identified on its register for the first two periods ending on 30th October 2017.

3.8 It is also worth noting that the following number of self-build dwelling exemptions from the Community Infrastructure Levy (CIL) have been issued:

Period	Self-Build Exemptions
1 April to 30 October 2016	9
31 October to 30 October 2017	28
31 October 2017 to 30 October 2018	15
31 October 2018 to 30 October 2019	27
31 October 2019 to 30 October 2020	33
Total issued	112

3.7 It should however be noted that this does not show the full picture across the District as dwellings within both Mansfield Fringe and Sherwood areas were zero rated for (residential) CIL up to the end of December 2017. On 1st January 2018 a new charging schedule came into force after the CIL Review was adopted. The charging zones are now based on the Newark and Sherwood District Council Electoral Wards and the areas which are zero rated for residential CIL has increased. The following electoral wards are now zero rated for residential CIL: Balderton South; Bridge; Devon; Ollerton; Boughton; Edwinstowe & Clipstone; Rainworth North & Rufford; Bilsthorpe and Rainworth South & Blidworth.

3.8 The duty required by Section 2A of the 2015 Self Build and Custom Housebuilding Act (as amended by the 2016 Housing and Planning Act) is therefore considered to have been met.

Appendix 4b - Self-build and Custom Housing as at 30th October 2021

Introduction

- 1.1 The Self-build and Custom Housebuilding Act 2015 (as amended by the Housing and Planning Act 2016) places a duty on local authorities to keep a register of individuals and associations of individuals who wish to acquire serviced plots of land in their area for their own self build and custom build housing and to publicise that register. Newark & Sherwood District Council shares a joint register with Ashfield and Mansfield Districts as they are within a shared housing market area. You can access the register, and further information, through the following link: <http://www.newark-sherwooddc.gov.uk/selfbuild/>
- 1.2 Furthermore, section 2A of the Self-build and Custom Housebuilding Act 2015 places a duty on Local Authorities to give suitable development permission for enough serviced plots of land to meet the demand for self and custom build housing as identified on its register in a given period. The first period in relation to this was for those entered onto the register during the period 1st April 2016 to 30th October 2016. All further periods run from 31st October to 30th October the following year. Further guidance regarding the definition of serviced plots and how authorities should assess the land which is available to meet that demand is provided in the Self-build and custom housebuilding section of the [Planning Practice Guidance](#)
- 1.3 Unfortunately, the monitoring period set out for self-build and custom housebuilding does not match the standard monitoring period for the Annual Monitoring report produced by the Authority which are based on financial years.

The Self-build and Custom Housing Register

- 2.1 The Self-build and Custom Housebuilding Register was established in April 2016 and the first base period ran between 1st April and 30th October 2016. Future periods will run from 31st October until 30th October the following year. Total demand should be assessed over 3 base periods. This is now the sixth base period so the initial periods from 1st April to 30th October 2016 and 31st October 2016 to 30th October 2018 are no longer included. The total demand is therefore as follows:

Total Demand on Register	31st Oct 18 to 30th Oct 2021	109
Type of Applicant		
As an individual or household		109
As a group/association		0
Current Housing Tenure		
Owner occupied		82
Shared Ownership		0
Private Rented		23
Council Rented		1
Living with Parents		3
Preferred Type of Dwelling		
Detached		68

Detached Bungalow		33
Detached Log cabin		1
Not Decided		7
Preferred Number of Bedrooms		
Up to 2 bed		8
3 bed		24
4 bed+		48
Undecided		29
General Location Preference		
Newark Area - Newark and Rural South Sub-area 1		22
Newark Area – Collingham Sub-area 2		11
Newark Area – Rural North Sub-area 3		19
Southwell Area		41
Nottingham Fringe Area		23
Sherwood Area		18
Mansfield Fringe Area		7
Whole District		46
Total Plots Required		109

- 2.2 The Total Demand is therefore made up of the fourth, and fifth and sixth monitoring periods which run from 31st October 2018 to 30th October 2021. During the fourth monitoring period 29 individuals and no groups were added to the register. During the fifth monitoring period 36 individuals and no groups were added to the Register. During the last monitoring period of 31st October 2019 to 30th October 2020 a further 44 individuals have been added to the Register. Total demand over the three periods is 109 individuals and 0 groups. This gives a total of 109 plots.
- 2.3 It should be noted that the figures for general location reference are greater than the sum of plots required as applicants to the register may choose as many of the 83 Parishes as they wish. For the purposes of monitoring, an expressed interest in 1 or more Parishes within a sub area, per applicant, is recorded as 1.

Duty to grant Planning Permission

- 3.1 As noted within paragraph 1.2 above, Local Authorities should give suitable development permission for enough serviced plots of land to meet the demand for self and custom build housing as identified on its register in a given period. They have a period of 3 years from the end of the base period in which to do this.
- 3.2 A total of 9 individuals were accepted on to the register during the first monitoring period (1st April 2016 to 30th April 2016), with no groups/associations registering interest. The period of 3 years from the end of the base period occurred on 31st October 2019. The second base period saw 33 individuals and 2 groups added to the register. Each group is seeking four plots. The period of 3 years from the end of the base period occurred on 31st October 2020. The third base period saw 20 individuals added to the register. The period of 3 years from the end of the base period occurred on 31st October 2021 and the District Council

should be able to show sufficient suitable permissions have been granted to meet this demand.

3.3 A permission is regarded as suitable if it is a permission in relation to a particular plot of land that could include self or custom housebuilding. There is no requirement to disaggregate the supply to meet demand in specific parts of a Local Authority Area.

3.4 For the purpose of assessing the supply to meet this duty, small (1 to 4 plots) and medium sites (5 to 9) which have been granted permission have been assessed for possible suitability. Permission which specifically mention self-build or custom build are limited however the authority has a long-standing history of infill plots being planned and developed throughout the district. Land with permission offered for sale on the open market is considered suitable as well as those plots where the applicants are private individuals and of course those plots where a CIL exemption has been granted. Permissions granted to known developers or builders have been discounted.

3.5 The following number of permissions are considered suitable to meet the demand for individual plots for periods one, two and three:

	Base Period 1 (period ending 30 October 2016)	Base Period 2 (year ended 30 October 2017)	Base Period 3 (year ended 30 October 2018)
Permissions Required	9	33	20
Relevant permissions granted Y/e 30 October 2017	87		
Relevant permissions granted Y/e 30 October 2018	77	77	
Relevant permissions granted Y/e 30 October 2019	65	65	65
Relevant Permissions granted Y/e 30 October 2020		61	61
Relevant Permissions granted Y/e 30 October 2021			48
Total Relevant permissions granted	229	203	174

3.6 The following number of permissions are considered suitable to meet the demand for groups for periods one, two and three:

	Base Period 1 (period ending 30 October 2016)	Base Period 2 (year ended 30 October 2017)	Base Period 3 (year ended 30 October 2018)

Permissions of sites required to meet legislative duty for Groups	0	2	0
Relevant permissions granted Y/e 30 October 2017	1		
Relevant permissions granted Y/e 30 October 2018	6	6	
Relevant permissions granted Y/e 30 October 2019	5	5	5
Relevant Permissions granted Y/e 30 October 2020		5	5
Relevant Permissions granted Y/e 30 October 2021			5
Total Relevant permissions granted	12	16	15

3.7 Detail of all sites with permission are included within Section 2 of the Annual Housing Monitoring Report (<https://www.newark-sherwooddc.gov.uk/monitoring/>). This is considered to be more than sufficient to meet the demand for self and custom build housing as identified on its register for the first three periods ending on 30th October 2018.

3.8 It is also worth noting that the following number of self-build dwelling exemptions from the Community Infrastructure Levy (CIL) have been issued:

Period	Self-Build Exemptions
1 April to 30 October 2016	9
31 October to 30 October 2017	28
31 October 2017 to 30 October 2018	15
31 October 2018 to 30 October 2019	27
31 October 2019 to 30 October 2020	33
31 October 2020 to 30 October 2021	15
Total issued	127

3.9 It should however be noted that this does not show the full picture across the District as dwellings within both Mansfield Fringe and Sherwood areas were zero rated for (residential) CIL up to the end of December 2017. On 1st January 2018 a new charging schedule came into force after the CIL Review was adopted. The charging zones are now based on the

Newark and Sherwood District Council Electoral Wards and the areas which are zero rated for residential CIL has increased. The following electoral wards are now zero rated for residential CIL: Balderton South; Bridge; Devon; Ollerton; Boughton; Edwinstowe & Clipstone; Rainworth North & Rufford; Bilsthorpe and Rainworth South & Blidworth.

- 3.10 The duty required by Section 2A of the 2015 Self Build and Custom Housebuilding Act (as amended by the 2016 Housing and Planning Act) is therefore considered to have been met.

Appendix 5 Five Year Land Supply Statement as at 1st April 2021

1.0 Requirement

- 1.1 National planning policy requires all local authorities to identify a supply of specific deliverable sites to provide five years' worth of new housing against their requirements. The strategic housing requirement for Newark and Sherwood is 9080 dwellings as set out within the Adopted Amended Core Strategy DPD (March 2019). This requirement is for the 20 year Plan period which runs from 2013 to 2033. This is equivalent to 454 dwellings per annum and is used as a basis for calculating the authority's five year supply requirement.

Completions to Date

- 1.2 The housing completions table sets out the gross housing completions and losses which have been recorded for the first seven years of the plan period:

Table 1: Housing Completions

	13/14	14/15	15/16	16/17	17/18	18/19	19/20	20/21	Totals
Gross Completions	312	462	440	585	508	671	586	799	4363
Losses	38	15	44	14	17	17	31	32	208
Net Completions	274	447	396	571	491	654	555	767	4155

- 1.3 During this eight year period the housing delivery being achieved was initially below the annual requirements set out. The last 5 years have however seen completion rates pick up and we are now in a position where 523 dwellings above the cumulative requirement have been achieved. This is illustrated in the table below:

Table 2: Delivery of Requirements to date

Year	13/14	14/15	15/16	16/17	17/18	18/19	19/20	20/21
Cumulative net Completions	274	721	1117	1688	2179	2833	3388	4155
Cumulative Annual requirement	454	908	1362	1816	2270	2724	3178	3632
Cumulative Under/over supply	-180	-187	-245	-128	-91	109	210	523

- 1.4 Planning Practice Guidance sets out that the level of deficit or shortfall will need to be calculated from the base date of the adopted plan and should be added to the plan requirements for the next 5 year period (the Sedgfield approach), then the appropriate buffer should be applied. The additional oversupply has been used to offset the shortfalls against requirements as set out in Planning Practice Guidance and since the 18/19 monitoring period the shortfall has been dealt with. Once the shortfall has been met no guidance is provided on dealing with overprovision against requirement. The purpose of the

5 year land supply is to ensure the housing requirement is met over the entirety of the Plan Period. The District Council have therefore adopted a cautious approach and spread the oversupply over the remaining Plan period (the Liverpool approach) rather than removing it from just the first 5 years.

Buffer

- 1.5 The NPPF sets out that where there has been significant under delivery of housing over the last 3 years a 20% buffer should be added to improve the prospect of achieving the planned supply. This is determined through the results of the Housing Delivery Test. Newark & Sherwood District delivered 132% of the housing required as set out in Housing Delivery Test 2020 measurement published in January 2021; so a 20% buffer is not required. A buffer of 5% to ensure choice and competition in the market for land has therefore been added to the requirement in accordance with paragraph 73 of the NPPF.

Table 3: Calculation of Annual requirement

Total Housing Requirement		9080
Less dwellings completed between 01/04/13 and 31/03/21 (8 Years)	4155	
Leaves a residual total of	4925	
Divided by remaining plan period 01/04/21 to 31/03/33 (12 Years)	410.42	
Multiplied by 5 to give a 5 year figure	2052.08	
Add 5% for flexibility as required by the NPPF	102.60	
Gives a total 5 Year Requirement of (5 year figure plus 5% flexibility)		2155
Divided by 5 to give an annual requirement of		431

2.0 Supply

- 2.1 As at 1st April 2021 there are a total of 7,296 net new dwellings with an extant planning permission. As set out in the NPPF, to be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within 5 years. In particular:
- a) sites which do not involve major development and have planning permission, and all sites with detailed planning permission should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within 5 years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).
 - b) where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within 5 years.
- 2.2 It should be noted that, as established in the St Modwen judgment (paragraph 38), that does not mean that for a site to be considered deliverable it must be certain or probable that the housing will in fact be delivered upon it just that there is a 'realistic prospect'.

- 2.3 The schedule of sites with planning permission is appended to this report and details all permissions of 5 dwellings and above and indicates the number of dwellings on those sites anticipated to come forward over the 5 year period. Due to the large number of small permissions for between 1 and 4 dwellings summary figures have been provided.

Extant Planning Permission on Allocated Sites

- 2.4 18 allocated sites currently have an extant permission on all or part of the site. Some sites have more than one record attached to it where they are being developed in phases and/or by more than one developer. The total number of dwellings available on these sites is 6052, but a conservative estimate 1,681 dwellings has been included within the 5 year supply.
- 2.5 No major outline consents in this category have been included within the 5 year supply.

Extant Planning Permission on Unallocated Large Sites

- 2.6 19 sites are included within this category with a total of 647 dwellings available. 2 sites are not anticipated to contribute to the supply as they are either outline consents or are sites which the authority does not believe will come forward. 546 dwellings have been included within the 5 year supply.

Extant Planning Permissions on Medium Sites (5-9 dwellings)

- 2.7 There are a total of 35 medium sites with permission for 199 dwellings within this category. There are two outline consents within this category and 7 sites with detailed permission are not anticipated to contribute to the supply. A total of 138 dwellings have been included within the 5 year supply.

Extant Planning Permissions on Small Sites (1 - 4 dwellings)

- 2.8 Within this category 8 sites have outline permission for 19 dwellings and 296 sites have full permission for 379 dwellings. In accordance with the definition of deliverability, all of these dwellings are considered to have a realistic prospect of delivery.

Remaining Allocated sites within the Adopted Amended Core Strategy DPD

- 2.9 No dwellings are included within the 5 year land supply from this category.

Remaining Allocated sites within the Adopted Allocations & Development Management DPD

- 2.10 No dwellings are included with the 5 year land supply from this category.

Windfall Allowance

- 2.11 The table below sets out the number of net windfall completions that have taken place since the beginning of the plan period.

Table 4: Historic Windfall Allowance

Year	Small and medium sites (net windfalls)	Large sites (net windfalls)	Total net windfall completions	Total Completions	% of total completions that are windfalls
2013/2014	46	146	192	274	70
2014/2015	97	268	365	447	82
2015/2016	98	189	287	396	72
2016/2017	64	309	373	571	65
2017/2018	66	148	214	490	44
2018/2019	174	182	356	654	54
2019/2020	169	188	357	552	65
2020/2021	127	293	420	767	55
Total	841	1723	2564	4154	62
Average	105	215	320	519	

2.12 As can be seen the level of windfall completions, although fluctuating, make a significant contribution to the overall delivery position. The Amended Core Strategy supports appropriate windfall through Policies SP2 – Spatial Distribution of Growth and Policy SP3 – Rural Areas. Policy SP3 in the Amended Core Strategy removes the requirement for new housing to meet identified proven local needs and is therefore likely to result in increased levels of small scale windfall development as the Plan period progresses. Furthermore, flexibility afforded by policies in the NPPF, a more permissive stance regarding change of use from commercial to residential and changes to permitted development rights also mean that windfall delivery is likely to continue.

2.13 It is acknowledged that at the base date of the five year supply calculation a number of these windfall units will already have permission and would be counted in sites with planning permission. It is important to take account of committed windfall delivery across the five year period to ensure that the Council does not double count those sites that are already in the pipeline. As a result, it is proposed to only include a windfall allowance for the latter two years of the five year period, an annual allowance of 75 dwellings has been applied for the last 2 years of the five year period. Looking at the track record of windfall delivery this is considered to be a conservative figure.

Table 5: Calculation of Supply

Supply anticipated within 5 years		
Permissions on Allocated sites	1681	
Permissions on unallocated large sites (10 or more dwellings)	546	
Permissions on unallocated medium sites (5-9 dwellings)	138	
Permissions on unallocated small sites (1-4 dwellings)	398	
Residual Amended Core Strategy DPD Allocations	0	
Residual Allocations & Development Management DPD	0	

Allocations		
Windfall allowance for years 4 and 5	150	
Deliverable Supply		2913

3.0 Conclusion

Table 6: Five Year Supply Calculation

Annual requirement as set out in Table 3	431
Deliverable Supply as set out in Table 5	2913
Total Five year Supply supply/requirement	6.76 years

- 3.1 This statement sets out the Council’s position as at 1st April 2021. At a minimum the Council will review the housing land supply situation on an annual basis and may opt to update the position throughout the year.

4.0 Covid 19

- 4.1 In producing this statement the council has taken into account the impact of the Covid 19 pandemic. Whilst the lockdown interrupted construction for a period, the sites within Newark and Sherwood have now resumed construction. Provided no further significant periods of lockdown affect the District the projections within the document are considered to be robust.
